## ABOUT COLLEGE

Vishwaniketan will provide quality engineering education to create 'Design Engineers'. Our engineers will positively impact their own lives and business and society at large. They will do so by implementing the Project-Based Learning (PBL) approach to solve human and problems. We aim to create socially aware entrepreneurs who will empower with relevant technology and business solution.

## ABOUT CONFERENCE

An International Conference on emerging Trends in Computer Science and Engineering (ICETCSE) is typically an academic and professional event that gathers researcher, practitioners, educators, and students to discuss and present the latest advancements and research in the fields of computer science and engineering. The conference focuses on emerging technologies, new trends, innovations, and future challenges across a variety of related domains.
